Ziffern - Zahlen - Mengen

A large grid of 30 cartoon fish arranged in 5 rows and 6 columns. Each fish is a simple line drawing with a smiling face, a single fin on top, and two fins on the bottom. They are arranged in a regular pattern, with some fish facing left and some facing right, alternating in a checkerboard-like fashion. This grid is intended for a counting exercise where students count the total number of fish and then count by ones, twos, and threes.

Schreibe die Ziffern sorgfältig in die Kästchen!
